Re: Docket No: 98P-1194

Dear Commissioner Henney:

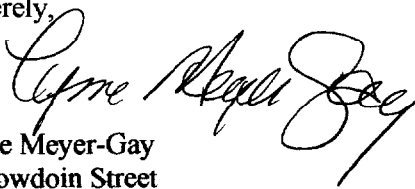

I am writing to ask that rBGH be removed from the market.

I am lucky. My market in Cambridge, Massachusetts, sells milk and cheeses that are free of rBGH, and I always buy them. But prepared foods everywhere are constructed with rBGH milk products. You really can't get away from it.

I am especially concerned because my daughter has three relatives on her father's side of the family who have had, and died from, cancer. Any additive that increases her risk of developing cancer is unacceptable. Any additive that increases the possibility of resistance to antibiotics is also unacceptable.

Please ban use of rBGH. Please clean up our food supply.

Sincerely,

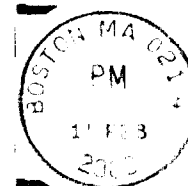

Lynne Meyer-Gay
